Abstract: This paper aims to provide a critical edition of the questions 7 and 8 of the *Prologue* of the *redactio posterior* of the *Commentary on the Sentences* by Alessandro Bonini of Alessandria, Franciscan Master, successor of Duns Scotus at the chair of Theology at the University of Paris (1307-1308). The two questions are devoted to the relationship between theology and the other sciences and to the notion of subalternation.
